

Joyce Presents . .

Shown above we have Joyce Mullen presenting the Mount View Trophy she put up for competition and awarded annually to the player judged most valuable on the Didsbury Ramblers roster. Lloyd Devine, a little flabbergasted in this shot, and well he might; it's the second year in a row he has had his name engraved on the trophy. On the left is a picture of the original Mount View trophy.

FALLEN TIMBER

(From Our Own Correspondent)

A shower was held at the Fallen Timber school for Miss Margaret Money and Mr. Danny Welch, whose wedding is to take place the middle of March. The guests of honor were the recipients of many lovely gifts.

Miss Kathy Fyten spent the weekend in Sundre at the home of her aunt, Mrs. Bill Bower. Mrs. E. Johnson of Gull Lake, Sask., spent the week visiting at the home of her daughter, Mrs. Ester McMullen.

Visitors at the home of W. Fyten Saturday evening were the Wythe children. Mr. and Mrs. V. Johnson were recent Calgary visitors.

Supper guests at the home of Mr. and Mrs. Earl Loughhead on Sunday were Mr. and Mrs. Bob Moore, Judy and Brian, of Sundre. Gary Moore spent the weekend visiting his cousin, Danny Howton.

The March meeting of the Busy Bee was held at the home of Mrs. Ester McMullen. Despite the stormy weather, there were 10 ladies present. It was decided to hold a social at the school on Saturday, March 29, when bingo and whist will be played. Mrs. Delores McMullen won the ten-cent draw.

A number in the district have been quite ill with a stomach flu. Mr. and Mrs. E. G. Adams and family were weekend visitors at Rimbey and Lacombe recently.

Westcott News

(From Our Own Correspondent)

Mrs. Jack Robertson was a Lacombe visitor last Wednesday attending a church meeting.

Mr. D. Hayball's mother visited here last week with her son and family.

Mrs. Clarence Reinhart attended the Cancer Workshop in Calgary last week as the Westcott W.I.'s delegate.

Mr. and Mrs. Joe White and family moved last week to the V. Shields residence.

Miss Orion Macintosh of Calgary accompanied Mr. Leslie Goetien to his home here for the weekend.

Mr. Herbert Goetien and Mr. Ken Card were business visitors to Red Deer on Monday.

Mr. and Mrs. D. Gieschert of Edmonton were visiting with the latter's parents, Mr. and Mrs. Jack Robertson, at the weekend.

Mr. and Mrs. Ken Folkman and family of Calgary spent the weekend here with the former's parents, Mr. and Mrs. Otto Folkman.

Art Exhibit Scheduled For Saturday

Thirty-two pictures are entered in the senior section of the Legion Auxiliary Art Exhibit, scheduled for this Saturday afternoon in the school auditorium.

The Jeffery's historical drawings will also be shown, as well as the junior section for local artists.

Due to the Fish and Game banquet the pictures will not be shown in the evening, but doors will open at 2 p.m. and tea will be served from 2:30 to 5:00 p.m. There will also be a home baking table.

Don't forget the car service from the drug store corner to the auditorium, starting at 2:30, with trips every 15 to 20 minutes. Plan to attend this annual event. The exhibit is free to all. Pictures to be raffled are on display in Folkman's window.

Ramblers Win One, Tie One, In Chinook League Playoffs

Playing the first game of a best of five series for the Chinook League championship, Didsbury Ramblers defeated Carstairs by a 4-1 count at the local arena on Saturday night. Didsbury got away to a fast start and pumped in four goals in the first period without an answer from the visitors.

However, the second period was a different story as the southerners really got back into contention when they drew to within one goal as they popped in three tallies.

Ramblers came into their own again in the third stanza and outscored their opponents three goals to one.

Lloyd Devine led the Didsbury attack with three goals, while Don Irwin, B. Williams, B. Neufeld and D. McLean scored singletons.

Playing the second game in Carstairs on Monday night the Ramblers were lucky to come home with a tie. They traded throughout the night and it was only in the dying minutes that they were able to muster a strong enough attack to tie the score. The ten-minute overtime session went scoreless.

L. Devine, Lavern Neufeld and Dunc McLean scored for Ramblers with Miller McCoy getting two assists and B. Neufeld one.

The teams played here Wednesday night (too late to report here); a fourth game is scheduled for Carstairs Friday night, and if a fifth game is necessary it will be played here on Saturday night. If no league game is on Saturday night an exhibition contest will be featured.

Home And School Association Executive Ask For Co-operation

Attention all members of the Didsbury Home and School Association. The executive and chairmen of standing committees, will meet on Monday, March 17, 8 p.m. in the school auditorium. The executive herewith appeal to all members of the local association for assistance on the following items:

The executive is to submit names from the local group for a regional vice-president for the Alta. Home and School Federation. Also suggestions would be appreciated as to possible candidates for chairmen of standing committees of the Alberta Federation. If any of the local members would like to serve in either capacity, would you please give this information to the president of the local group, or if you know of individuals who would be willing to let their names stand on a ballot, please pass this information on to an executive member.

Finally, the executive have been asked to appoint a local member as official delegate to the annual Home and School conference to be held May 7 to 9 at the University of Alberta in Edmonton. Suggestions, or even a volunteer, would be appreciated.

A skit presented by Mrs. Banta, assisted by Darryl Banta, Anna May Banta and Mr. and Mrs. J. Hopper, brought forth the problem of a child training to be assumed by the father and mother in the home. On the basis of the skit, a lively discussion followed, treating such matters as strapping children, the relation of love and punishment, behavior towards elders and superiors, and money allowances.

The next meeting of the association will be held on April 14 at 8:00 p.m.

BIRTHS AT THE DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. J. Crowe of Elkton, on March 7, a son.

To Mr. and Mrs. Bruce Nelson of Didsbury, on March 8, a son.

4-H CLUB CHANGE DATE OF MEETING

The meeting of the Carstairs-Didsbury 4-H Club has been changed from March 14th to Saturday afternoon, March 15. The guest speaker will be Mrs. Ruth McPhail, former district agriculturalist.

Midway News

(From Our Own Correspondent)

Midway Home and School held its regular meeting on March 3rd. Mr. A. Sawatzky from the Bowden Institute gave a very interesting report of the work in the boy's school for delinquents.

School Division Appoints Officers

The March meeting of the board of the Olds School Division No. 31, was held on Tuesday, March 4th, in the divisional office at Didsbury. The following officers and committees were appointed for the forthcoming year:

Chairman, Mr. T. Morris; vice-chairman, Mr. O. Z. H. Van Haften; finance committee, T. Morris, G. Z. H. Van Haften; transportation committee, W. Richards, E. G. Turner and local trustee; staff appointment committee, T. Morris, S. W. Hopper, R. B. Budge and local trustee; staff and teachers' salaries, T. Morris and G. Z. H. Van Haften; purchasing agent, R. C. Rankin; rural property and building, W. Richards, G. Z. H. Van Haften and local trustee; town property and building committee, T. Morris, R. C. Rankin, E. G. Turner and local trustee of subdivision.

The board reached a decision on the new school for the Olds area. This is to be a public and high school with shop and economics facilities, and is to be built four miles east of Olds at the Bennett site.

FISH AND GAME ASSOCIATION PLAN SATURDAY BANQUET

The Didsbury Fish and Game Association will put on its annual banquet in the Didsbury school auditorium on Saturday, March 15, at 6:45 p.m. Highlight of the evening will be the serving of wild game, moose, deer, elk and game birds, which have been taken by members of the association during the past hunting season.

In addition to a wonderful wild game supper, Mr. Elmer Klure, president of the Alberta Fish and Game Association, will be in attendance as guest speaker. Mr. George Spargo, who is well known to local sportsmen, and is the secretary of the parent association will also be a guest for the evening.

To round out an evening of good entertainment the local association has an excellent program of wildlife and scenic moving pictures to show.

Obituary

Bertram Gillrie, 41, of Port St. John, died there last Thursday. He was born in Wainwright.

He is survived by his wife, Elizabeth; two sons, Allen and Roy, both of Port St. John, and four brothers, Russell and Harvey, both of Didsbury; Vern of Calgary, and Lloyd, of Barrie, Ont.

Services were held from Knox United Church, Didsbury, Tuesday at 3:00 p.m. with Rev. T. K. Palmer officiating. Interment took place in Didsbury cemetery.

Wins Two Awards . . .

Here we have Joyce Mullen the sponsor, awarding Miller McCoy with a cup for the high-scoring title on the Rambler hockey club.

Miller had his hands full as he also won a plaque for being judged the team's most gentlemanly player. — Photo Courtesy Wiggins

Hail Suppression Defended By Company Representative

The Editor,

Didsbury Pioneer,

Dear Sir:

In the controversy which has been raging over the merits of Hail Suppression, there have been some statements made, on which I would like to comment.

It has been stated that this district has had periods of little hail over the years. This, of course, is true of all districts, but to arrive at an evaluation of hail damage, in a reasonable period of time, one must consider the results over a group of districts. It must be quite apparent to all that many vicious storms developed to the west, the past two years, yet none have swept to the Red Deer River as has been their custom. The damage in our area, indicates a weakness in our coverage under certain weather conditions. Every attempt would have been made to overcome that problem this year, had the electors given us a mandate to operate again. Please keep in mind that perfection is still on the horizon for many accepted services much older than ours!

One of the writers in The Pioneer suggests that more hail may result from cloud seeding. Our company's research indicates that possibly more hail stones will develop but each will be much smaller and very often soft as well. Numbers are not as important if the size and density render the stones harmless. That condition, or the elimination of damaging hail, is the goal toward which we are striving.

It is quite obvious that some still know very little about the known processes of cloud physics or the mechanics of precipitation. For example, it has been mentioned that parts of India receive tremendous quantities of precipitation.

Kinsmen Corner

A group of Kinsmen visited Banff on Sunday to play a challenge match with the Banff Kinsmen. The visitors came out on the short end of a 7-4 score.

Next Kinsmen meeting will be held March 17th. Next Kinetics meeting will be held April 2nd.

Lions Club Honor Mr. and Mrs. G. Law

At its Ladies' Night, held last Thursday night, the Didsbury Lions club presented Mr. George Law with a desk clock and pen set. Mr. Law also accepted an engraved powder box for his wife, who was unable to be present.

Visitors from out of town included Mr. and Mrs. A. Niemmi and Mr. John Freere of Trochu.

while no nuclei should be present, etc. It is generally agreed among scientists that due to conditions relevant to the tropics, the coalescence mechanism is the cause of most precipitation in those regions. While no dust or smoke is picked up by air currents over the oceans, salt particles definitely are, and they can be a factor in the above-mentioned process. However, it is the temperate zones that we are interested in, and it is the crystallization process which is primarily responsible for our precipitation. It should also be mentioned that much of the dust from the 'dust bowls' is useless as a crystallizing agent.

When discussions arise regarding the cost of Hail Suppression, it seems that the 'ants' always mention the overall cost of the operation. Why then, isn't the price of a tractor referred to as the cost of all the tractors in the area? Why not do a little figuring on the cost of insuring the crop in this area with even a \$10,000 an acre coverage? In place of \$51,000 you will find a figure of over half a million dollars, and insurance is not a savings to anyone — only an equalization of losses. Regardless of all the sums arrived at, the cost of Hail Suppression is still on a 10-cent per acre basis.

In conclusion I would like to point out that weather modification, in its different forms, has become generally accepted by many people and governments, the world over. There are areas which have contracted for Hail Suppression for the past eight years. Would it be out of place to suggest that if Hail Suppression is as ineffective as some claim, then these people must be exceptionally gullible. It is becoming increasingly evident that 'suppression' is no longer the issue — it is a case of complete elimination or not, and that objective will only be reached by continued effort, not by throwing in the towel after a year or two.

(Signed) W. R. Corner, Rep. W.R.D.C. Modification Corporation Ltd.

SERVICE BOARD NOTES
— By —
W. K. SNYDER
Agricultural Service Board

INOCULATION of sweet clover seed before placing it into the ground is important. Inoculum may be purchased from any seed house. When ordering culture always be sure to state what it is to be used for, as different legumes require different cultures. The bacteria in the inoculum gradually die off and so a date is given on the container.

Be sure that you use inoculum that has not been out-dated. Directions on how to apply this to the seed usually are on the container. Depth of seed is also very important. On the heavier soils the seed should not be placed deeper than one-half to three-quarters of an inch.

This of course presents somewhat of a problem when seeding sweet clover with a nurse crop, unless you have a grass seeder on your drill. The following procedure can be quite satisfactory where the sweet clover seed is to be mixed with oats or barley and run thru the seed drill.

First time over seed three quarters of the desired amount of oats or barley per acre at the normal depth for grain. The second time over mix one-half bushel per acre of the oats or barley with the inoculated sweet clover seed and seed very shallow, with all the pressure off the discs or furrow openers. Either pull harrows behind the drill or cross harrow immediately. This will help to cover any seeds that are not covered.

This extra operation as outlined above will pay off in increased germination of sweet clover seeds and more uniform and hardy stand of the plants.

The A.T.A. And Royal Commission

There is a feud on between the Alberta Teacher's Association and the Blackstock Royal Commission. As the matter now stands, regardless of the merits of the arguments on both sides, the sympathy of the general public is certainly not on the side of the A.T.A. Even Premier Manning is disappointed over the obstinate attitude of the A.T.A.

All this ties in with an opinion we have expressed many a time, the expense and the time consumed by the average royal commission is just so much money poured down a rat hole. Very few matters are settling up royal commissions. A royal commission. The results are too often found away for use in election speeches.

Now it is up to Premier and the Minister of Education to set up a code to govern the teacher association. School boards have become exhausted over the yearly salary negotiations, where there is no stability between relative districts.

The A.T.A. may feel it has a grievance but it would have been better to sublimated its feelings and met the terms of reference as set out by the government order setting up royal commissions. Now nobody knows when and where to make the next move. One must remember that it was the teachers, forward with the idea of a provincial salary schedule. They should now at least set forth their reasons for the change in attitude.

— Camrose Canadian

LIGHT YOUR WAY WITH BIBLE STUDY

"What think ye?" That was the question placed before the Jewish Sanhedrin after they had questioned Jesus. When the Sanhedrin Council shouted its unanimous sentence: "He is guilty of death" it really pronounced its own doom. Some of the seventy probably lived until the year 70, when the arm of divine justice stripped godless Jerusalem. In that year Titus placed his siege engines around the city walls and the beleaguered city became an inferno of torture and death.

Others, who also played a prominent part in these tragic scenes, or who also voiced their denial of Jesus, have met violent death or were visited by terrifying judgments. Nero was driven from his throne and, perceiving his life in danger, became his own executioner; Domitian was killed by his own servants; Hadrian died of a distressing disease, which was accompanied with great mental agony; Maximianus reigned but three years and died a violent death; Decius was drowned in a marsh, and his body never found; Valerian was taken prisoner by the Persians, and after enduring the horrors of captivity for many years, was flayed alive; Diocletian was compelled to resign his empire and became insane; Maximianus, Hercules was deprived of his government and strangled. And we go on.

Our age, you and I, also must face this question: "What think ye?" No nation can prosper through rebellion against God, disregard of His word, and willful rejection of Jesus. What is true of each nation, is true of each individual. It is tragic to reject Jesus. No matter how self-reliant a person may be, if you ally yourself with Jesus' enemies, the time will come when you will shirk with terror. Laugh at this truth if you will; some day you will weep the bitterest tears you have ever shed.

While there is still time, as long as Christ's mercy and His forgiveness are extended, turn to Him, accept Him as your LIFE.

Squirrel Cage . . .

IT CAN HAPPEN . . .

One of our contemporaries ran into trouble last week when they mixed up a couple of articles: one concerning an auction sale and the other a wedding. The editor is still trying to explain away the news item which came out like this:

"Edna Smith and Bob Brownhill were disposed of at public auction at my barn, one mile east of the beautiful cluster of roses on her breast before a background of farm implements too numerous to mention in the presence of 70 guests, including two milk cows, six mules and a bob sled."

"Rev. Mr. Baker tied the nuptial knot with 300 yards of haywire and the bridal couple left on a John Deere plow for an extended trip, with terms to suit purchasers."

They will be at home to their numerous friends with one good buggy and a few kitchen utensils 10 months from the date of sale to responsible parties and the highest bid will not necessarily be accepted."

FOR HIGH CLASS PRINTING AT THE RIGHT PRICE . . . CONTACT THE DIDSBURY PIONEER

LET US REMEMBER

1. Realizing that most of his members in the last Parliament came from Eastern and Central Canada and believing that his best hopes for securing a majority in the House of Commons rests with the Province of Quebec, Prime Minister Diefenbaker has:

A. Undertaken to appease Premier Maurice Duplessis of Quebec by appointing his Finance Minister to the post of Lieutenant Governor of Quebec.

B. By inference, if not by direct promise, has assured Quebec electors that if they send more Conservative members to Ottawa, and if the Conservative Government is returned on March 31st, a greater number of those members will be given Cabinet posts.

C. By hinting that Hon. Leon Baile, 2nd cousin of Premier Duplessis, will be given a more important post than that of Solicitor General which he now holds.

2. The fact that not one of the nine former Liberal Cabinet Ministers, defeated in the June 10th election is seeking re-election suggests that they have little confidence in the future of the Liberal Party.

3. Socialism, which inevitably involves more and more centralization, with less and less individual freedom, has often proven to be the forerunner of Communism.

4. According to press reports Hon. George Hees, Minister of Transport, who prior to 1950 made several unsuccessful attempts to win election to Parliament, said that C.C.F. and Social Crediters did nothing but voice objections during the recent session, and their actions obstructed rather than forwarded legislation. If forcing the government to introduce nine important amendments to Bill 237 (Agricultural Stabilization Bill), and thus give a valueless bill some value, constitutes obstruction, then the farmers of the Red Deer Constituency must feel pleased that they are represented in Parliament by an "obstructionist".

5. Mike Pearson and Joan Diefenbaker are now engaged in a fantastic political poker game with no ceiling on bids. When the game is over and the chips have to be redeemed, you the taxpayers, will know that those two players were not betting with their own money.

6. Those Conservative Candidates who contested seats in Western Canada in the 1957 election and who, practically without exception, endorsed the acceptance of foreign currencies (including sterling) as payment for exported surplus farm products, must have felt ill when Finance Minister Flemming announced in Parliament that the Conservative Party had never endorsed such a proposition.

During the famous pipeline debate of 1956 the present Prime Minister and his associates roundly condemned the Liberal Government for imposing closure, in other words for announcing that on a certain date the debate would be concluded. On Feb. 14, 1958, Prime Minister Diefenbaker, without giving Parliament prior notice and without informing his own

private members and part of the Cabinet of his intentions, imposed his own form of closure which not only abruptly ended debate but also closed a session and dissolved Parliament. Conservatives still have the nerve to call themselves the champions of Parliament.

8. Merely exchanging one government for another does not necessarily guarantee a solution to the economic and other problems which periodically afflict a nation. Social Crediters contend that only through basic and fundamental changes in policy — especially in financial policy — can we avoid periods of boom and bust, and guarantee our people security with freedom.

9. Throughout the 1957 Federal Election Campaign the Conservative Party and its candidates charged that wrecking Canada's future (the Liberal Government's policies and lack of policies were Conservatives) claimed that they understood the problems and economic decline. Now, have failed to deal effectively with the unemployment crisis which is the worst since Canada has had a Conservative Government, and is steadily getting worse, and having provided no solution for trade stagnation and economic decline, the Conservative Government is now trying to conceal its own failures by pointing an accusing finger at the former Government which they say caused the trouble. Rather childish, wouldn't you agree?

10. Last summer the Conservative Government spent 2 million four hundred and twenty-eight thousand dollars by order-in-council. It then refused to place that expenditure in the supplementary estimates for consideration by Parliament. Never since Confederation has any Government, except the present one, embarked on such a course. After Parliament was dissolved on February 1st, the Conservative Government by order-in-council, voted itself over \$544 million dollars — almost the full amount remaining in the estimates — and thus by-passed Parliament completely. That was the first time in Canadian history that final support has been granted by Governor-General's warrant. Yet Conservatives still have the nerve to call themselves the champions of Parliament.

11. F. D. (Jack) Shaw has worked and voted for you. This is your chance to work and vote for him.

Just For The Record . . .

The town council have come out with a plan for parallel parking on one side of the "main stem" (that is from the bank corner to the telephone office). This same plan was suggested in this column many months past, and we're smiling all over. There is one question on our mind. Why wait until the pavement is in place? Seem's like it's going to be done anyway. If so, now's the time! Certain posts or notices may have to be moved later but in the meantime it would save a lot of shattered fenders, a lot of shattered nerves, if the new plan were to go into effect as of now. Wonder if those in charge have tried to drive down this avenue when it's lined with vehicles. Wonder if they ever tried to pass anyone on the "narrow pass." Wonder if they're listen'?

Just For The Record . . .

Two ladies dropped into our office one day last week and asked us to make this wee note. Apparently there are some dogs running wild in the east end of town — seems like they spend their time chasing cars and horses. Being a dog-lover ourselves, we would not like to see any drastic action taken, but could we suggest that owners attempt to keep better control over their canine pets. After all, if you swerve your car to miss a barking dog, you could end up by striking a small child or an elderly person on the other side of the road — one you hadn't seen while you were dog-dodging. Whose life is worth the most?

Another Famous Quote . . .

You're young only once — after that you have to think up another excuse.

Soviet Tariff Policy For The Birds

Amid all the talk of working for freer international trade here is one point worth keeping in mind: Whether the United States extends its Trade Agreements Act or goes protectionist, the control of imports by the Soviet Union and the communist bloc of countries is far more rigid than any system of tariffs, quotas or other restrictions in the non-Communist world.

This is true because Communist governments do not merely regulate trade; they conduct it. So far as they can they monopolize all the commerce that exists in or across their borders. If they want to limit a certain class of imports or blacklist a country they do not have to hold hearings and pass a law or even decree a new tariff schedule. They merely issue secret instructions to their official buying agency not to purchase any more such-and-such from so-and-so.

It does not matter whether Russian customers want such-and-such or like so-and-so's brand. The Soviet state stores could use in grain seriousness, the warlike slogan of a southwestern super market: "If we haven't got it, you're better off without it."

So, however much Moscow talks about broadening international trade when it wants to buy copper or sell furs, potential sellers to remember this: In dealing with a Communist trading bureau there is only one customer for the whole country, and it can shut off business like a spout for persons entirely unconnected with the quality of the goods.

Notes From D.A.

By HOWARD J. FULCHER

The cost of farm buildings to house livestock, store feed and shelter farm machinery is a big item in capital expenditures. In addition to this cost, maintenance can be high and cut deeply in the net returns from the farm.

These buildings are constructed for a purpose and should adequately do this. Barns are built for livestock to provide shelter so that the rate of gain of meat animals will be increased. Buildings in which grain is stored should protect the grain from weathering and subsequently decreasing in value. Machine sheds are required to protect machinery from weather damage, due to sun, rain, etc.

When building any farm building these facts must be considered first, otherwise costly buildings may be constructed which are not necessary or the opposite could happen with buildings not adequate for the purpose for which they were designed. Beef cattle for instance require only shelter from wind and storm; there is little need for insulated barns. In swine production, provision must be made for insulated warmer buildings for farrowing and for young winter pigs.

The type of construction can mean a lot in maintenance in following years. Foundations and floors must be well built. Repairs to these are expensive and generally if they fail in any way the whole building is affected. The simple buildings, when the plan is adequate, will serve well and cost less in construction and maintenance than the more elaborate ones.

Location and plan of buildings within the farmstead can make a lot of difference in labor required in dairy chores. In addition proper planning can decrease fire hazard and lower costs of electric and water installation.

Before you build, plan the building to meet its needs and select its location in the farmstead carefully.

THE
Homemaker

By HELEN HOWARD
District Home Economist

Dear Homemakers:

"Top O' The Mornin' To You!"

Breakfast can be the brightest

most satisfying meal of the day.

First: wake up sleepy appetites

with a bright, inviting setting. A

clean cloth, well set table and a

bowl of fresh fruit or other centre

piece will lend interest to the meal.

Then use some imagination and

new ideas in the menu.

New Ideas For Fruits and Juices

Apple Juice spiced with a pinch

of nutmeg and cinnamon.

Grapefruit sections or halves

sweetened with marshmello cherry

juice.

Grape Juice with carbonated

orange or ginger ale.

Sliced bananas in orange juice,

sprinkled with coconut.

Stewed rhubarb or fresh berries

over sliced bananas. (Left-over

defrosted berries may also be used).

Apples baked in left-over fruit

juice or ginger ale.

Fruit cup of diced fresh or

cooked fruit. (Fresh pears or

apples add crispness).

New Ideas For Cereals

Cold prepared cereal may be

toasted in the oven and served

warm.

Raisins, sliced dates, chopped

cooked apricots or prunes may be

folded into hot cereal a few min-

utes before serving.

Sprinkle hot cereal with maple

sugar or cinnamon sugar and

serve with milk or cream.

New Ways With Eggs and Meats

Poached eggs served on toast or

waffles spread with deviled ham,

liverwurst, cream cheese or butter

creamed with curry powder.

Scrambled eggs with a pinch of

sweet basil or chopped parsley

added.

Scrambled eggs with chopped

ham, sausage, or garlic flavored

mustard added before cooking.

Ham fried lightly on both sides

and then cooked for two minutes

in 1/3 cup of pineapple juice. Serve

with apple or red currant jelly.

New Ways With Breads

Basic recipe for French Toast:

two eggs well beaten; 1/4 cup milk

1/4 teaspoon salt; 6-8 slices of bread.

Add 1/2 tsp. Worcestershire sauce

if it is to be served with savory

foods. Combine eggs, milk and

salt. Quickly dip bread slices into

mixture and fry melted butter

or margarine until brown on both

sides.

Nutmeg French Toast

Add sour cream in place of milk.

Sweeten with sugar and flavor

with 1/2 tsp. nutmeg. Serve with

applesauce and cinnamon sugar.

Orange French Toast

Add orange juice in place of milk.

Sweeten with sugar and add 1/2

grated orange rind. Serve with

honey butter.

"A Little Bit of Ireland"

Green is the color of the "Em-

erald Isle" and green can be your

color if you choose the most flatter-

ing shade. Your complexion is the

key to the shade of green that will

be most becoming to you.

"Cool" Pinkish Skins

Are you the pink and white type?

Do you sunburn and freckle, but

seldom tan? Then you should

wear medium types of true green

or brilliant blue greens such as

aqua, turquoise and peacock. Avoid

vivid green and yellow greens such

as chartreuse, moss or olive green.

"Warm" Golden Skins

Do you have a "peach" and

cream" skin? Do you tan easily

and have a rosy underglow to your

skin? Your most flattering greens

are medium to dark tones of true

green, teal or peacock green, or

almond green. If your skin is sal-

low be careful with greens.

"Neutral" Olive Skins

If your skin is matte white or

has an ivory-to-olive tone then the

Gems of Thought . .

We can do anything we want to
do if we stick to it long enough.

Just to do a thing and not talk
about it. This is the great secret
of success in all enterprises.

A sunny disposition is the very
soul of success.

A child educated only at school
is an undisciplined child.

Training a baby by the book is
a good idea, only you need a dif-
ferent book for each baby.

A happy childhood is one of the
best gifts that parents have it in
their power to bestow.

It should be easy to expel an ob-
noxious thought from your mind
as to shake a stone out of your
shoe.

subtle off-beat Paris greens that are
high fashion for spring are your
shades. Wear yellow greens such
as chartreuse or moss green, al-
mond or olive in pastel to medium
dark tones.

GOVERNMENT SERVICES

know them better
to serve you
better

PROVINCIAL GOVERNMENT GRANTS

CITIES, TOWNS AND VILLAGES

Alberta's cities, towns and villages need money to provide diver-
sified services for residents. This money is derived mainly from two
sources—municipal taxes and Provincial Government Grants.

The 1956 municipal levy in cities, towns and villages in Alberta
was \$45,382,855.35 which, added to the Provincial Government Grant
of \$31,816,625.51 equalled a total of \$77,199,480.86.

Provincial Government municipal grants are paid directly to
the cities, towns and villages concerned.

School Grants are paid directly to the School Districts and Divi-
sions and Hospital Grants are paid to hospital authorities.

Total Grants and Taxes:	100 %	\$77,199,480.86
Total Taxes:	58.7%	\$45,382,855.35
School Grants:	23.2%	\$17,905,233.88
Municipal Grants:	10.6%	\$8,176,855.06
Hospital Grants:	7.5%	\$5,732,516.57

* To express these grants in terms of their assistance to a mun-
cipality, school grants are pro-rated on an assessment basis. Hospital
grants are pro-rated on a provincial per-capita basis. The resulting
figures are therefore considered an approximation.

Provincial Government Grants to Alberta counties and municipal
districts will be discussed in the next installment in this series.

Man On The Moon In Ten Years !!!

According to Canada's top mis-
sile experts, a man from earth will
land on the moon in less than ten
years time, reports John Dalrymple
in the march issue of Liberty Mag-
azine.

Top Canadian scientists, who in-
clude "some of the best-trained
missile men in the world", voiced
several other startling predictions.
This summer, they say, a man will
ride a rocket as high into space
as Sputnik 1. An unmanned rocket
will hit the moon "any day now."
A rocket will circle the moon and
return to earth "within five years."

There will be unmanned rockets
to other planets "in ten years."
Sitting atop hundreds of tons of
explosives to blast out into space,
men must learn how to withstand
fantastic accelerations. At the
RCAP's Institute of Aviation Medi-
cine and the Defense Research
Medical Laboratories in Toronto,
such research has been going on for
years. In the Toronto laboratories,
men have withstood 12 times the
pull of gravity.

They have even planned the
source of oxygen supply and carbon
dioxide outlet — a five pounds of
green slime from the tops of star-
fruit plants. Purified and dried, it
may be used as not too appetizing,
but nourishing food supply.

Canadian scientists are not far
behind the starting gate in the in-
ternational race to the moon. "It
was Canadian experimenters who
discovered many answers U.S. sat-
ellite builders used, trying to catch
up with the Russian sputniks," says

THOUGHT FOR TODAY . . .

Dan and Bradstreet provides the
following startling statistics which
reveal:

That 95 per cent of all failures in
business are from the ranks of non-
advertisers. Only five per cent of
those who fail are advertisers.

CHRISTIAN SCIENCE

The healing and saving power
of faith, when it is advanced to
spiritual understanding, will be
brought out at Christian Science
services Sunday.

Scriptural readings in the Lesson
Sermon on "Substance" will include
the following from James (2:14):
"What doth it profit, my brethren,
though a man say he hath faith,
and have not works?"

Among the correlative passages
to be read from "Science and
Health with Key to the Scriptures"
by Mary Baker Eddy is the follow-
ing (323:13-18): "In order to ap-
proach more, we must put into
practice what we already know.
We must recollect that Truth is
demonstrable when understood, and
that good is not understood until
demonstrated. If faithful over a
few things," we shall be made
rulers over many; but the one un-
doubted talent, duty, and love."

Liberty, Defense Research Board
scientists at Ottawa were first in
the Western world to calculate
Sputnik 1's exact path around the
world.

FALLEN TIMBER

(From Our Own Correspondent)

(Intended For Last Week)

Mrs. Ester McMullen and chil-
dren have returned from a visit in
Saskatchewan at the home of the
former's parents, Mr. and Mrs. E.
Johnson.

A number from the district gath-
ered at the school Saturday eve-
ning for a social, with proceeds go-
ing to the Busy Bees.

Mr. and Mrs. Johnny Howton,
Danny and Jeannie, and Mr. and
Mrs. Bob Moore, Judy and Brian,
were recent Edmonton visitors.
They attended a banquet put on
by the United Four-square Women
of Beverly and Edmonton. Mrs.
Howton, as district representative,
presented the newly organized
group with its charter.

Mr. and Mrs. S. Morrison and
boys were visitors in Olds Friday.
Patsy returned with them for the
weekend.

Mrs. Arlie McGaffin was a Cal-
gary visitor over the weekend.
Several girls gathered at the
home of Marilyn Stair recently in
honor of her birthday.

The Elktion hall and many of
the roads are already beginning to
put badly due to the warm weather.
Congratulations to Mr. and Mrs.
Clinton Davis on the birth of a
son, Jony Clinton, on February 10.
Mrs. Davis is the former Jacqueline
McGaffin.

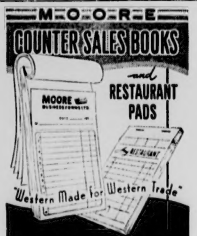

Visitors at the home of Mr. and
Mrs. W. Pyten and family Sunday
were Mr. and Mrs. W. Haug and
Mr. and Mrs. Bob Whittle and
family.

CALF CLUB JUDGE BABY BEEF CALVES

The regular meeting of the West
Didsbury Calf Club was held Feb.
28 at 8 p.m. at the home of Mr. C.
Larson. Baby beef calves were
judged by members and then were
correctly placed by Mr. G. Robert-
son.

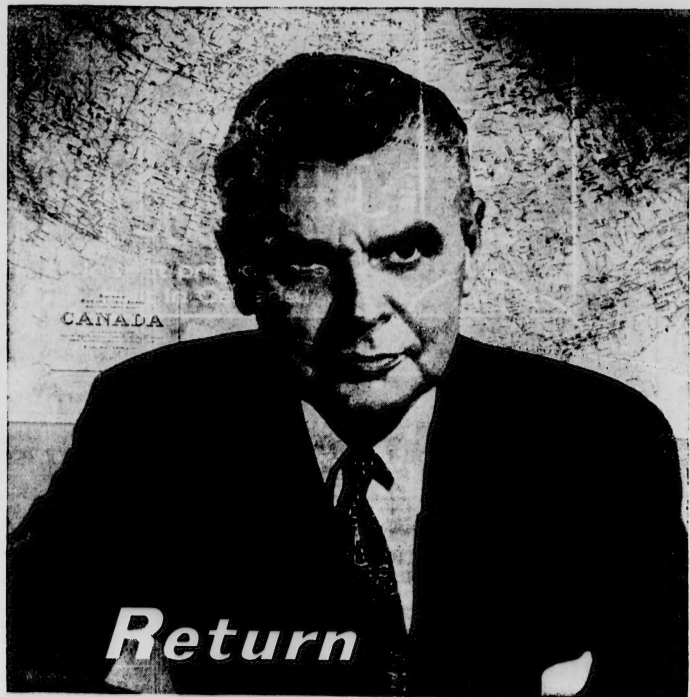

During the business session Nor-
ma Larson gave a report on "Wash-
ing the Club Calf" and Roger
Hosegood spoke on "Clean and Dry
Pens." Arrangements were made
concerning the tour to Red Deer
on March 7th, which was later can-
celled due to bad weather.

Next meeting will be held at the
home of Mr. H. Hosegood.

**Return
a Strong
Diefenbaker government**

Today Canada stands on the brink of
really big things. "Everything without
regard to limit" will be done to provide
work, prosperity and new opportunities
for Canadians—through vigorous develop-
ment of our resources, increased foreign
trade, social security and moral leadership
among the nations.

These are the pledges of the man and the
Party who have already fulfilled their 1957
promises: to taxpayers, homebuilders,
senior citizens, agriculture, industry . . .
and you. The Diefenbaker Government
has shown that it gets things done. A
strong Diefenbaker Government will get
the big things done!

TUBULAR FRAME PLOW

Plows Cleaner, Deeper, Faster

Big size—4 or 5 bottoms. Add the fifth-bottom attachment yourself in a few minutes, make a 4-bottom plow a 5-bottom outfit. Change cutting width, too—14 or 16 inches.

Big passageways for trash. More clearance beneath the beams, between bottoms. Lift clearance is 7½ inches at any plowing depth. Mechanical lift, or hydraulic lift that takes 8-inch or 16-inch cylinder.

Trip-spring releases bottom when some object is struck. Bottom rides over without damage, can be reset by merely backing the plow. Saves time—no re hitching, no recoupling. Steerable front furrow wheel, 15-inch wheels all 'round, perfect balance.

M.V.B.C. NEWS

(From Our Own Correspondent)

On Friday evening the senior class and the faculty enjoyed the hospitality of Mr. and Mrs. Ira Stauffer in their home. A turkey dinner was served and a social time planned by Mrs. Stauffer brought real enjoyment to all present. Lunch before leaving in the late evening brought a most enjoyable evening to a close.

The seminar on missions came to a close Friday afternoon. On Saturday morning, however, Rev. Reilly showed pictures he had taken of several countries in South America. Students, friends and faculty greatly enjoyed this additional information. Mr. Reilly went to Castor and Galahad for Sunday service and returned to his home on Tuesday by air.

President Taylor went to Regina Sunday evening for a session of discussion and conversation of the Accrediting Committee on Colleges of this type. He will be in meeting on Monday and return to the college Tuesday. It was a quick trip which was possible because of the extra train arrangements during these last few months whereby such trips on special night trains and lose a minimum of time.

Mrs. Suder was the guest of Mr. and Mrs. Sam Eby on Sunday for dinner.

Miss Iris Schlitt, missionary from India, and Miss Joyce Burkholder from Nigeria, Africa, passed thru town and visited the college this last week. They will be both doing deputation work in the conference during the month of March. They are graduates of the college as well as being registered nurses.

The World-Wide Gospel Messengers Missionary Society of the college will be setting up a curio cabinet at the college. Missionaries are leaving different kinds of articles brought from their fields of service and the students want to preserve them in this way. Miss Louise Naege, a senior, is president of this society.

This week Rev. Myers, counsellor for the Christian Friends of the Hebrew, of Calgary, is holding a seminar on Jewish Evangelism this week in the college. He has a mimeo text book on the subject which is most illuminating and concise in its approach to this problem. He will close his lectures on Friday at chapel.

GOOD QUESTION

At the weekly meeting to the grocery store and indignantly asked: "Remember that cheese you sold me yesterday?" "Yes," replied the grocer. "Well, did you say it was imported or deported?"

Farmers' Holiday . . .

The farmer's holiday will soon be done. He will have to rise and shine before the sun; Hiccup his pants with a new piece of string. For it won't be long before we get spring.

In the winter a farmer lives a life of ease. He goes to bed and gets up when he pleases; But when spring rolls around he must be ready to go. To plough the fields, and the crops to sow.

He will gas up the tractor, blow up the tires. Put on a few repairs with some new hay wire. Get out the old hat, give the pants a good jerk. And Farmer Brown is ready for spring work.

If a farmer could work just eight hours a day, And earn enough money to make farming pay, There would be no surplus grain or meat. We would all be lucky to get enough to eat.

The farmer's wife works a long day too. To help feed the people like me and you; Her work on the farm is never done. And she has to rise and shine before sun.

Now if a farmer was a union man, His union would be the strongest in the land; For it seems like all of us have to eat, The farmer's bread and some of his meat.

So all you city folks, please take heed, When you sit down to eat a great big feed; Give a little thought to Farmer Brown, Who grows most of the food for the people in town.

(Signed) E. COOMBS

OREMOMA NEWS

(From Our Own Correspondent)

Mrs. Marion Reid is visiting at the west coast for ten days. She accompanied her daughter, Mrs. L. Colwell of Calgary.

The monthly meeting of the Credit Union was held at the home of Mr. C. Topping last Friday evening. By the way, March is the month the annual dues of one dollar are deducted. A payment at the local office would eliminate the necessity of a reduction of your savings.

The men's bonspiel was completed last week with top honors going to Clarence Arsky's rink, who took first in the last event and Jim Clarke's rink, which took second in the last event. The ladies' hold a closed 'spiel' the latter part of the week and top honors were won by Wilma Spence's rink. The other three ladies on the rink were Lila Haley, Frances Grainger and Frances Whitlow.

The W.A. met at the home of Mrs. Lionel Bird last Friday. Plans were completed for a pot luck supper to be held in the church basement the second week in April.

A Lions Club has been formed in Oremoma. Meetings are to be held twice a month. The organizer stated 20 odd members had signed up.

The Home and School Association met on Tuesday evening, March 4th. After the business meeting the parents were entertained by two basketball games in the auditorium.

YOUTH-RESTORING DRUG NEW GIMMICK

The medical eye of the Western world turned recently to Rumania where a woman doctor claims to have found a synthetic "fountain of youth" drug. Dr. Anna Aslan, medical director of Bucharest's Institute of Geriatrics, tested hundreds of elderly Rumanians with injections of procaine, a widely known local anesthetic.

At the conclusion of tests on people from 60 to 100 years of age, all were reported to have "clearer skin, thicker hair with new color, improved memory, physique and sociability."

WESTERDALE NEWS

(From Our Own Correspondent)

A dance will be held in the hall Friday, March 14, with the Franklin orchestra supplying the music.

Six tables of military what were played at the home of Mr. and Mrs. J. P. Schrader on Monday evening. Successful defenders were Mr. and Mrs. H. Braun, Mrs. A. Jackson and Mrs. A. Jones.

Lillian and Frances Reist spent Tuesday with Mrs. H. Jackson while their mother accompanied Mr. and Mrs. A. Jones on a motor trip to Calgary.

The annual election of officers of the Westerdale Young People's Club was held last Monday evening. All former officers were returned to office for another term.

Mr. and Mrs. J. E. Bolton and family returned to their farm last Thursday.

Little Items of Local Interest

Word has been received by Mr. and Mrs. Lee LeGrand that their son Don has been promoted to the rank of First Class Petty Officer in the Royal Canadian Navy. Don, who is stationed at Victoria, was en route to Japan when he heard of the promotion.

Ladies from this area attending the Red Deer Presbytery at LeCombe last Wednesday included Mrs. J. Shannon, Mrs. T. K. Palmer, Mrs. F. Nichol, Mrs. S. Moore, Mrs. R. Bankier, Mrs. E. Campbell, Mrs. A. Robertson and Mrs. J. Robertson.

Mr. Herbert Moor, formerly of Edmonton, is a new staff member at the local branch of the Royal Bank.

Miss Vivian Calthness of Calgary was a Didsbury visitor at the weekend.

Mr. Wm. Payne, formerly of Didsbury and now of Vancouver, is running in his home constituency on the Conservative ticket, in the coming federal election.

Fresh cut daffodils from the Pacific coast, at Berscht's, on Saturday, March 15.

Professor R. K. Mortimer of Berkeley, Calif., has had the honor of having one of his articles (Effects of Radiation) picked to be read at the next Atomic Peace conference to be held next September in Geneva. Prof. Mortimer is the son of Mr. Charles Mortimer of Red Deer and a son-in-law of Mr. and Mrs. H. E. Wood of Didsbury.

Heard Ed Sullivan at 8 p.m. on March 10. Portrait gift certificates available from one of the co-sponsors, Wiggins' Photos, Didsbury.

SPRINGSIDE NOTES

(From Our Own Correspondent)

There were ten tables in play at the card party at Springside last Friday night. First prize winners were Judy Rodney, Elizabeth Colling, Billy Rodney and Verne Wrigglesworth. Consolation winners were Mrs. Peterson, Mrs. Bill Colling, Jim MacDonald and Art Rothwell.

Jack Colling was with the rink that took first prize in the third event at Innisfail on Saturday.

There were six members present at the last meeting of the Springside Group, held at the home of Mrs. Lawrence Chandler on Thursday last. It was decided to have a whist party on April 9th, all proceeds to go to the Didsbury rest room fund.

There will be a military whist at Springside on Friday, March 21st, starting at 8:30 p.m.

Miss Ardelle Thiede had a pleasant surprise last Monday. Those helping her celebrate her sixth birthday were Mrs. Cecil Weber, Dennis and Barbara, Mrs. Don Taylor and Keith, Mrs. Vernon Mill, Donald, Lynn, Dale and Fay Darlene; Mrs. Cyril Broke and Hattie, Curtis and Renee Bliss and Miss Marjorie Thiede.

LOCAL GRADUATE COMPLETES INDIA TOUR

Miss Lou Salmon, a graduate of Mountain View Bible College, Didsbury, recently completed her first term of service in India under the United Missionary Society.

Miss Salmon learned the Bengali and Santali language and through these vernaculars was able to carry on a wide variety of activities. Daily vacation Bible schools, women's work, supervision of district work, and touring were but a few of the responsibilities Miss Salmon had. During the winter months in India, which are much like the summer on the North American continent, she spent weeks traveling with Bible women in the more remote areas of the district. Miss Salmon has had the privilege of being the first one to bring the Gospel message to many of these Santali people.

She will be speaking at the United Missionary Church in Didsbury, on Tuesday, March 18th at 8 p.m. You are invited.

LATE CLASSIFIEDS

FOR SALE — Hay. For further particulars phone 1411, Bill Perlinger. 10-31c

FOR SALE — 300 bushels of Roddy seed oats, 1st generation, test 96%, off breaking. Price 70c per bushel at bin. Phone 2127. 10-31p

CARD OF THANKS
I would like to thank all those friends who sent me gifts, cards and letters during my stay in hospital. It was so nice to hear from you all.
11p NORMAN PRATT

Coming Events

—There will be an "open house" at the home of Mr. and Mrs. John Brinson from 1:30 to 4 p.m. on March 18, for the purpose of celebrating their golden wedding anniversary.

—The Women's Institute executive will meet at the Community Rest Room on Saturday, March 29th at 1:30 p.m. sharp.

—All ladies interested are invited to attend the Alberta Women's Institute bi-annual conference, on March 18 and 19, to be held in the Gas Co. auditorium, Calgary.

—The Ladies' Auxiliary to the Canadian Legion will hold their annual tea and art exhibit in the school auditorium on Saturday, March 15th. Home baking table, 2:30 to 5:00 p.m.

—Mons. Chapter IODE will hold its monthly meeting on Thursday, March 13 in the Lions hall, starting at 8:15.

—Westcott Junior W.I. will hold a military whist card party at Westcott school on Saturday, March 15 at 8:30 p.m. Admission 50c, everyone welcome.

—The Sundre United Church intermediate and junior choirs will present a concert at Zella Community Centre Sunday evening, March 16 at 8 p.m. Silver collection. 11c

South West Didsbury

(From Our Own Correspondent)

Mr. and Mrs. Frank Stange of Claresholm spent several days visiting Mr. and Mrs. H. W. Folkmann and family.

Mrs. E. A. Bartz and Mrs. George Meyer were Thursday afternoon visitors with Mrs. Morris at Olds. Mr. and Mrs. Donald Weber and Colette were Sunday dinner guests of Mr. and Mrs. Archer.

Mr. and Mrs. Lynn Hunsperger had Rev. Reilly, Rev. and Mrs. D. Taylor and Mrs. Kasey for Wednesday dinner guests.

Miss Carol Eby was a Sunday visitor with Sharon Hunsperger.

Mr. and Mrs. H. W. Folkmann and family had a Sunday guests, Mr. and Mrs. Fred Bedus and family, Mr. and Mrs. Herman Dageforde and Mr. and Mrs. Otto Folkmann.

The Birthday Group will meet March 25th at the home of Mrs. M. Dippel (not change of date).

Why Should I Vote For HARRIS ROGERS

Our Progressive
Conservative
Candidate?

Harris Rogers was a rancher and farmer in Southern Alberta for many years, and knows only too well the pros and cons of farming; he realizes that if the farmer is not self-sufficient and satisfied with his profession he will not put himself into his work as he should. He knows that a prosperous agriculture means a prosperous Canada; that the farmer must be fairly treated, get a fair price for his produce to enable him to purchase the machinery necessary to run the present day farm efficiently. Harris Rogers will see to it that the farmer is not forgotten. His party has guaranteed farm prices related to their costs of production, and the costs of what they have to buy; also guaranteed farm prices set in advance of the crop season and in the event of a general economic decline affecting all prices.

The "New Agricultural Stabilization Act" provides all these for the first time in Canada.

Deliberate attempts have been made to misrepresent this legislation. The reason is obvious — opposing parties are afraid that the farmers will find out that this Progressive Conservative Government has, in a few short months in office, done more to meet their real needs than any other administration in history. It is our job to tell them these facts in plain, positive and powerful terms.

Trade with foreign countries will be stimulated with our government. With all these facts in mind, which were brought about by John Diefenbaker and his Conservative Government, the most sensible thing to do is to mark your ballot "X" for Harris Rogers, and remember, a vote for Rogers is a vote for Diefenbaker!
